

**Mill Creek Partnership – Steering Committee Agenda**  
WEDNESDAY September 14, 2016, 8:00 -9:00 AM,  
Garfield Heights City Hall

Renato Contipelli (Cuyahoga Hts.)  
Pat Salemi (Garfield Hts.)  
Chris Vild (Beachwood)

## Agenda/Minutes

8:30 a.m. Open meeting

8:40 a.m. Funding Sub-committee

- Derek Schafer to go over the folders that will be given to all communities at the PARTnership meeting. The folder contains a letter explaining the process and what each community needs to do.

Derek; explains what is in the folder.

Elaine; suggests that we work with member if they need help explaining the documents to their Mayors and or Law Directors. Derek said that his card is in the folder and will meet with anyone if they have any questions.

Elaine; asked what the procedure will be, Derek explained that the community will pass a resolution to have Mill Creek align with WCC. In the resolution they will also name 1 or 2 representatives. The representatives do not have to be a council person, just someone representing the Mayor and the community. The WCC will then file the Alliance documents and MCWP will become a program within WCC. Because MCWP has no assets the process is very simple if the MCWP had access then the alliance would have way more complex.

8:55 a.m. Close Meeting
